

NetBrain Jumpstart Service

Required Pre-Requisites for Accelerating Time-to-Value

To ensure your Jumpstart project success, NetBrain’s Customer Success Team has reviewed hundreds of completed services projects and identified the most critical and required project pre-requisites to reduce engagement timeline and minimize project delay.

Secured Access to NetBrain Platform

- Secured access is available to provide for the NetBrain Services Engineer and Technical Support (Contractor Laptop, VPN, etc.)

Key Resources for Project Success

- Appoint NetBrain Administrator(s)
- Identify Linux Administrator (with root access)
- Identify Windows Administrator (with administrator access)
- Identify Your Network Administrators that own device access credentials

Virtual Machine Deployment

- [Review NetBrain System Specifications](#)
- Deploy Linux and Windows Virtual Machines
- Deploy Linux and Windows Operating Systems

NetBrain Automation Value Delivery (AVD)

- [Engage your ITSM team \(ServiceNow, SolarWinds, BMC Remedy, etc.\) and request incident case data from last 6-12 months](#)

Network Security

- Update Firewall ACLs to support NetBrain discovery traffic (SNMP, SSH, API)

Creating Your NetBrain “Digital Twin”

Network Device Credentials

- Collect all SNMP v1/2c community strings
- Collect all SNMP v3 usernames, passwords, and authentication credentials
- Collect all SSH username/passwords
- (Recommended)** Create and deploy Service Account for NetBrain across all network devices

Network Device Discovery in NetBrain

- Identify device types in your network that should not be discovered by NetBrain (LWAPs, printers, phones, etc.)
- Define a site hierarchy to facilitate the definition a logical representation of your devices in NetBrain maps in Excel format
- (Recommended)** Collect a complete IP List of devices on your network

Training and Enablement

- Identify critical project resources for invitation to private NetBrain-hosted Microsoft Teams chat group
- Identify all team members expected to use NetBrain for onboarding to NetBrain University training platform, NetBrain Customer Portal, and NetBrain Exchange Community (First Name, Last Name, Email, Title).

At project kickoff, a member of NetBrain’s Customer Success Team will review and confirm these pre-requisites and discuss next steps. If there are questions or clarifications required prior to project kickoff, please connect with your NetBrain Account Executive and they can connect you with a representative from the Customer Success Team.
